POW/MIA Accounting

Volume I – Searching for America’s Missing Servicemen in the Soviet Union

- Offers an unprecedented first-hand account of the Department of Defense’s POW/MIA accounting program
- Brings expert insights from an insider into the Cold War and its aftermath
- Frames contemporary US-Russia relations in a new light

This book is an insider’s account of the search for missing American servicemen who became trapped in the Soviet Union and the US government’s efforts to free them or discover their fates. The book, which is based on years of work as a consultant to the US government, includes archive research that took place in Russia and four other republics of the Soviet Union as the USSR broke apart. Volume I explores the history of missing American servicemen, with particular emphasis on thousands who were not accounted for during the Korean War and Cold War era. As US relations with Russia and North Korea become more intense, this book is an extremely timely resource for scholars, laymen, and policymakers.
